

Cabrillo College Foundation Scholarships

The Cabrillo College Foundation administers a very large scholarship program, which distributes over \$400,000 annually to assist financially needy and academically promising students. Many scholarship funds have been established as memorials to loved ones. Others have been designated by the donor to benefit particular types of students, such as single parents, or students majoring in a specific academic or vocational area.

Scholarships may be established on a permanent basis with an endowment gift of \$15,000 or more, or as a nonendowed scholarship of \$2,000 which is funded each year by the donor or supporting organization.
