

## UC Transfer Admission Guarantee (TAG) for Students Applying for 2018-2019 Admission

Six University of California (UC) campuses offer guaranteed admission to students from all California community colleges (CCC). Interested students must meet campus-specific requirements to qualify for a UC TAG. By participating in a TAG program, students can ensure their admission to a specific UC campus. Also, some campuses may offer an early review of a students' academic record and specific guidance on major preparation and general education coursework.

### Who can file a TAG?

Only students transferring directly from a California community college (CCC) are considered for a TAG, including international students (those with a visa).

A CCC transfer student is one who has completed at least 30 semester (45 quarter) UC-transferable units at one or more California community colleges, and the last college the student attended in a regular session (fall/spring or fall/winter/spring) before admission to a UC campus is a California community college.

*Not Eligible for a TAG:* Students who have already earned a bachelor's, graduate and/or professional degree; students who have previously enrolled at a UC campus during a regular term (not including summer session) cannot submit a TAG application to return to that campus; and students concurrently enrolled in high school.

### To pursue a TAG, students must:

- Complete the online UC TAG application and submit it during the appropriate filing period – September 1-30, 2017 for fall 2018 (or May 1-31, 2018 for spring 2019) admission at [uctap.universityofcalifornia.edu](http://uctap.universityofcalifornia.edu).
- Once a TAG is submitted, fulfill all remaining coursework and GPA requirements designated on the TAG agreement.
- Apply for admission to UC during November 1-30, 2017 for fall (or July 1-31, 2018 for spring 2019) at [universityofcalifornia.edu/apply](http://universityofcalifornia.edu/apply).

Students are strongly encouraged to consult with their community college counselor prior to completing/submitting the TAG application.

Please note: transfer students do **not** have to participate in TAG to be considered for admission. Non-TAG students simply apply for UC admission during the appropriate application filing period.
